

2 YEAR WARRANTY

The product can be supplied in cut lengths to order and is also available as a 15m full roll. EX180-24 ropelight operates on 24VDC extra safety low voltage.

Supplied ready terminated with power cord, end caps and mounting clips, EX180 rope light is IP65 rated and can be used in wet environments, although should not be submerged.

Perfect for accent lighting interiors and exterior spaces, used by multiple corporate clients in retail stores, exhibition spaces, bars and restaurants.

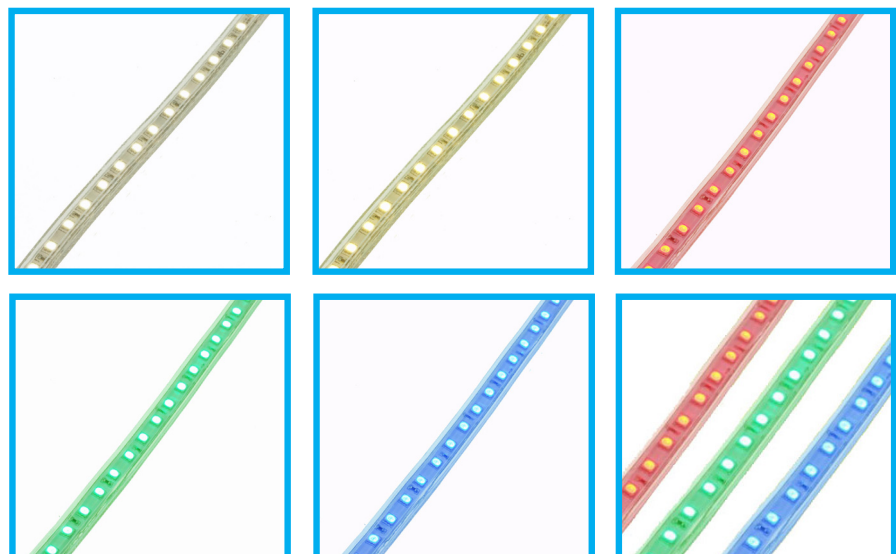

PRODUCT FEATURES:

- Wide range of colours
- Very bright - high lumen output
- Slim profile
- Excellent for accent lighting
- IP65 rated

EX180 Series Architectural LED Ropelight

Exled's EX180 Ropelight is available in cool white, warm white, red, green, blue. The rope is flexible, hard wearing, very bright and has 180 LED chips per metre. Top quality components differentiate this product from festive grade products.

EX180 Series architectural LED Ropelight

EX180 professional ropelight should be confused with cheaper festive grade products on the market. Manufactured using top spec components EX180 is designed for use in architectural features where long term reliability without failures is a requirement
